Wedding Photography Collections

My wedding photography packages are built around three simple collections: Digital Only, Keepsake, and Album. Each collection is designed to suit different preferences, whether you'd like beautifully edited images to enjoy digitally or a more tangible way to relive your wedding day through keepsake or albums. My pricing is clearly structured and transparent to make it easy to see exactly what's included and choose what feels right for you. The aim is simply to offer flexible choices at fair, moderate prices without unnecessary complexity.

Book & Secure Your Date Early

As a popular wedding photographer, my calendar fills up quickly with multiple bookings often scheduled in the same week or even over the same weekend. To ensure your date is reserved, it's essential to secure your wedding photoshoot early. This is done by choosing your preferred package and placing a 25% non-refundable deposit. Most couples tend to book well in advance, typically 4 to 18 months ahead of their special day for weddings across the Midlands. That said, I occasionally take on last-minute weddings if the date is free.

My Rates

The prices shown are for 2026 unless stated otherwise. Pricing may change throughout the year, so please book in early to secure today's prices. A non-refundable 25% deposit secures your wedding date. Prices are fully transparent with no hidden costs.

Prices are due to increase in Summer 2026, so book in to enjoy the current price rates.

I'd Love To Hear From You

I limit my bookings each year to ensure every couple receives my full, dedicated focus, so the best next step is to secure your date and arrange your one-to-one consultation. I'm very relaxed and easy to talk to, and I'm here for you all the way to discuss your creative ideas, explore packages, or simply chat through your budget.

Send me a quick message with your wedding date and venue.
